Mississippi State Head Coach Rick Stansbury

Opening Comments...

"First of all, I want to give credit to Lindsey Wilson. They have a nice basketball team. They did a lot of screen action, and they had two guards that were very good. Those two did a nice job manufacturing shots off of those screens. We were not very good defensively today. We did not look very smooth on either end of the floor. We played a lot of players today, and we tried a lot of rotations. We played a lot better in the second half on defense, but we still need to get better. We had no transition opportunities in the first half. They were driving to the basket and they either scored or got fouled. With that, they left us no chance for transition baskets. In the second half, we were able to get out in transition some and that gave us that little spark. We have to get better though."

On Performances of Raven Johnson and Kodi Augustus...

"Those are two guys we have to have. Twany (Beckham) and Riley (Benock) did not even score tonight. Elgin (Bailey) gives us some toughness on the inside, but he is a different type of player. We are going to have to depend on Kodi (Augustus) and Raven (Johnson) more this year. Some of the roles for our players are going to have to change."

On Brian Bryant Playing at the End of The Game...

"We really like Brian (Bryant). He made some free throws for us tonight, and he knows how to manufacture some baskets for himself. We thought he did a good job guarding their guards too. They were able to penetrate over and over into the lane. We have to get much better at guarding the basketball."

On Defensive Effort Tonight...

"Well we gave up thirty seven points in the first half. It will be hard to win no matter who you are playing when you give that many points up in the first half. Last year, we had a game where we only gave up fifty-two points for the whole game, and tonight we gave up thirty seven in the first half tonight. We have to start guarding the ball much better. We also have to stop fouling. We were much more aggressive in the second half ourselves. I believe we only shot ten free throws in the first half. In the second half, we shot twenty-five. So we did much better in the second half with that. Defensively though, we gave up too many points off of free throws."

On His Feelings about the Team Rebounds...

"I am not disappointed. Maybe I would be disappointed if I expected more rebounds, but it was definitely not a shock. Elgin is still having a tough time exploding to the rim for rebounds. Kodi did a good job on the boards, but you can see that he is the only one who really did a good job there. I think we were behind in rebounds after the first half. So in the second half we came out and got eight more rebounds than they did. We did better rebounding and playing defense in the second half. Now, free throws are another issue. We missed a bunch of free throws."

Opening Comments...

"It is great for our young men to come into a situation like this one. Our kids didn't come in here to be in here; they came in here to win. The kids showed me tonight that they could battle. Mississippi State helped to show us our strengths and weaknesses."

5 – Elgin Bailey; Jr. F

On overall team play...

"We played well on the offensive side of the ball, but we have to pick it up on defense. Our communication has to improve especially on picks. Overall, we have to improve but I think we played pretty well."

On first game back from injury...

"I felt pretty good but I wasn't able to move as well as I would have liked on the defensive side of the ball. That of course is expected and something that will improve in time."

On offensive penetration...

"We penetrated the lanes and drew the fouls. We have to do better with our free throws, but I am glad we were able to drive as well as we did."

24 – Kodi Augustus; Sr. F

On improvements at the half...

"In the first half we were not communicating very well so we picked it up second half. Twany (Beckham) and I talked about it, and we were able to get a better understanding and feel for what we were looking for on each set play."

On nerves of the young players...

"They have to play through the nerves. Everybody is nervous before every game but you have to play through it. I think it is a good thing because it shows how much you care about the game."

On his overall play...

"I was able to drive the ball a lot which was necessary for the team. I took more shots and drew more fouls which created a lot of opportunities on the rest of the floor. This year I wanted to be more aggressive and I think that will help carry the momentum for the rest of the team."
